

NHMI

NEW HARVEST MISSIONS
INTERNATIONAL

SERVING THE CHURCH IN MUSLIM WEST AFRICA

HOPE FOR THE NATIONS

THE NHMI MISSION & VISION
FOR MUSLIM WEST AFRICA

Dear Partners and Supporters of NHMI,

As we approach the joyous season of Christmas, I want to take a moment to express our deep gratitude for your faithful support throughout the year. Your generosity has allowed New Harvest Missions International (NHMI) to be a beacon of hope and light to those living at the economic margins of their society in Muslim West Africa.

This Christmas, and throughout the year, we have a remarkable opportunity to continue making a lasting impact on the lives of countless individuals who are enduring poverty, suffering, persecution, and hopelessness. Our hope for the nations catalog serves as a testament to the ongoing opportunities the Lord has granted us with, and we invite you to be part of these transformative ministry initiatives.

Just as in the previous year, we anticipate witnessing countless lives transformed through the work of New Harvest Missions International (NHMI) across region in Togo, West Africa by means of our Christmas catalog. Your support can truly make a difference in the lives of those we serve, bringing light where there is darkness and hope where there is despair.

I kindly request that you prayerfully consider your response to the needs outlined in the following pages and give as the Lord leads you. Your generosity will

undoubtedly have a profound and eternal impact during this Christmas season and beyond. Thank you for partnering with New Harvest Missions International and being a vital part of our mission to bring hope, love, and change to those in need.

For the sake of the Nations till He comes,

A handwritten signature in black ink, appearing to read 'N. Adawonu', written over a horizontal line.

REV. NATHANIEL ADAWONU
PRESIDENT & CEO OF NHMI/ACDI

NHMI is seeking to accomplish several ministry projects, and here are some of those projects you can support this Christmas season.

Leadership Development AND SPIRITUAL FORMATION

Mobile Medical Clinic FREE MEDICAL CARE

Equipping leaders to strengthen and mature their churches.

The heart of NHMI is to equip and empower national leaders who will drive the growth of the Church and spread the gospel to the unreached people groups, especially in areas where NHMI is serving. Our leadership seminars are the cornerstone of this vision. The Church in Togo and West Africa is rapidly growing, and the need for well-prepared leaders has never been more urgent. NHMI's seminars serve as a breeding ground for nurturing individual leaders who assume critical roles in shepherding their congregations, planting new churches, and serving as ruling elders. Our seminars provide participants with the biblical knowledge and leadership skills they need to be effective leaders. We believe in the transformative power of biblical teachings and leadership principles, and your support enables us to deliver these vital tools to them. Your financial support is crucial in making these seminars possible. It ensures that we can continue to train and empower local leaders who will have a lasting impact on the Church in Togo and West Africa.

Total funds needed for this project: \$8,000.

Provide a mobile medical clinic in Southeast Presbytery.

NHMI organizes a short-term medical clinic in impoverished villages with the help of medical teams of nurses, doctors, and other health care professionals from the U.S. Gifts to this fund will help provide free medical care and helps families that lack access to life-saving treatment to church members suffering and dying from treatable diseases or have never been taught basic hygiene. One medical clinic may serve 1,000 to 1,200 people while empowering and equipping churches to reach their communities with the gospel of grace.

Campaign Goal: \$6,000.

Church Planting

DISCIPLESHIP & EVANGELISTIC OUTREACH

Rural Agriculture

AGRICULTURAL EMPOWERMENT PROJECT

Church planting and evangelistic outreach in the Southeast region.

Planting new churches in South East region of Togo is one of the primary means of expanding the kingdom across regions in Togo. Gifts to this fund will help coordinate, encourage, and provide resources for church planting, evangelism, discipleship, and church development/revitalization efforts of the southeast presbytery and churches.

Campaign Goal: \$10,000.

The Southeast Presbytery of Togo is home to many small farmers making a subsistence living, sometimes barely enduring until the next rainy season. Gifts to this fund will primarily allow us to work with rural churches and their communities in the Southeast Presbytery to help church members learn valuable methods for farming, resource management, and family living according to Biblical principles. NHMI is working with the rural communities to help set up development committees locally to improve the livelihood of their communities and help church members become models for implementing agricultural activities. These New agrarian techniques, such as compost-making, crops, and farming, will improve the socio-economic condition, increase production, change consumption habits, lower debt, and better health. Provide financial resources to churches and church members, and provide income for the Presbytery.

Campaign Goal: \$12,000.

New Seminary Campus Furnishing

PROVIDING AN ENVIRONMENT FOR LEARNING & SPIRITUAL GROWTH

Our new seminary campus project in West Africa has been completed, and it's a significant milestone in our mission to empower and develop church leaders and pastors in this region. The new campus is an embodiment of hope, growth, and transformation. It boasts an administration building with multiple offices, classrooms, a multi-purpose hall, guest houses with 18 bedrooms, a library, a computer room, reception spaces, conference rooms, an Executive meeting room, and a chapel, all of which will serve as the foundation for training and nurturing future church leaders. This campus is equipped to house and educate over 200 pastors, seminary students, and guests, making it a beacon of knowledge and spiritual development. However, there is one essential element missing – the furnishings. To fully activate this campus and make

it operational, we need to furnish each unit. This includes AC units, double-decker beds and mattresses, audiovisual equipment, and more. It's not just about the furniture; it's about providing an environment that inspires learning, partnership, collaboration, and spiritual growth. The total cost for this furnishing project is \$15,000, which covers all the necessary items to outfit our campus. Your contribution will have a huge impact on countless individuals who will be touched by the education and spiritual formation offered here. This campus will serve as a launchpad for future pastors and leaders who will go on to impact their communities. Your support will be crucial in ensuring that this campus can begin its mission and change lives for generations to come.

Campaign Goal: \$15,000.

Motorcycle Project
TRAVEL FOR CHURCH LEADERS

Bridge of Hope
CHILD SPONSORSHIP

Motorcycles for Northeast Presbytery church planters and rural pastors.

A motorcycle enables a District pastor who is responsible for three to four congregations in remote areas. Gifts to this fund will help a district pastor to serve the distant congregations, and preaching stations, help with leadership issues, discipleship, outreach, and prayer they need to grow in the grace and knowledge of the Lord Jesus Christ. With \$2,000 you can provide one motorcycle for a district pastor or church planter; we are looking to purchase two Motorcycles. You can help share the cost with your gift too.

Campaign Goal: \$4,000.

Bridge of Hope is an NHMI sponsorship program that matches donors with underprivileged children in rural communities of Togo West Africa. These children are at risk of not receiving a solid education. The goal of this Project is to provide funds to continue quality Christian education and to reduce the learning gap between rural and urban students. It also facilitates spiritual transformation and development of the students through the clear teaching of the gospel. Sponsorship provides textbooks and helps offset school overhead. Many students' parents who are subsistence farmers cannot afford to send their children to quality Christian schools. Your sponsorship ensures meals, spiritual care, scholastic tutoring, tuition, school material, health care, uniform, and the opportunity to learn in a Christian environment.

Campaign Goal: \$5,000.

Laptop Project

ACCESS TO MODERN TECHNOLOGY

Water Wells Project

PROVIDING CLEAN DRINKING WATER

Providing laptops with French keyboards for New Harvest Missions International office workers.

NHMI is built on the dedication of our office workers and those in the field who work tirelessly to bring change in the lives of many others. We recognize the need for improved resources to ensure their work is as efficient and effective as possible. That's why we have initiated this project to provide four laptops with French keyboards to replace the current old ones for our dedicated team members. These laptops, will serve a dual purpose. First and foremost, they will empower our office workers, who manage our projects, communicate with our partners, and keep our records up-to-date. Having access to modern technology is essential for their productivity and effectiveness. In addition, these laptops will also benefit our fieldworkers, who often work in remote locations and require digital tools to document their work, communicate with our central office, and access vital resources. Your contributions will make a significant impact on our ministry and, by extension, the lives of the people we serve.

Campaign Goal: \$3,200.

- **Issue of Safety:** Without a nearby safe water source, women and children make multiple trips daily, walking countless miles and spending hundreds of hours fetching their drinking water from dangerous polluted water sources.
- **Issue of Education:** Children, often young girls, are kept from school to collect the dirty and contaminated water that frequently induce water-borne illnesses, causing students to fall behind from missing classes.
- **Issue of Poverty:** Ultimately, when the children do not attend school, they are not prepared to work outside of the home. Unable to earn an income, they remain in a cycle of poverty.

This project will provide safe, clean water for four villages to thousands of families in the Southeast presbytery congregations in Togo. Having clean, safe water for drinking, cooking, and washing will reduce the spread of waterborne illnesses so communities can attend church, school and work to provide for their families. Gifts to this fund will not only provide safe water but also promote health and improve the economic status of the villagers in the presbytery.

Campaign Goal: \$28,000.
(\$14,000 per well)
